## PROPERTY DESCRIPTION

Erte would feel right at home in this art-deco-era brick home, reminiscent of a European estate. Sequestered behind a gated courtyard with soothing fountain, you can come home and shut the door on the world behind you. Classic styling, modern updates; million dollar homes just around the corner. If you work near Seattle Center, you won't find anyplace more accessible yet so cloistered. A true urban retreat, with city and Lake Union views.

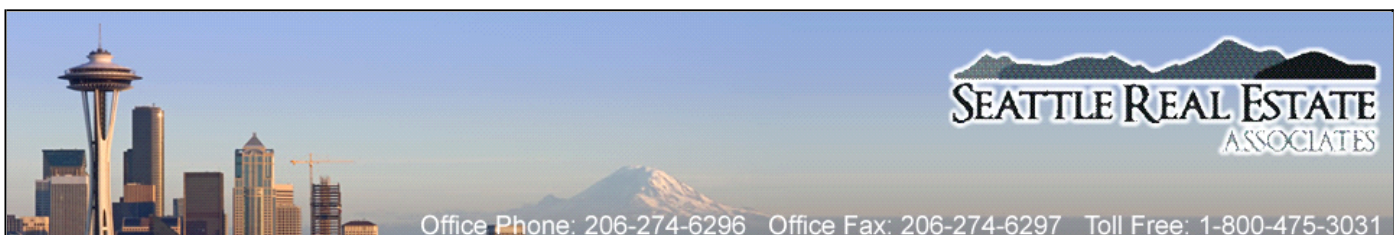

A gracious entryway welcomes you and your guests. There are hardwood floors throughout the main floor; fir floors upstairs; new bamboo flooring in the kitchen. Plaster walls enhance the solid feel of this 1932 construction.
